Luka Janelidze

Email: lukajanelidze5@gmail.com   @ github   @ linkedin   @ portfolio

As an enthusiastic junior software developer, I am eager to leverage my foundational skills and strong passion for continuous learning to contribute to innovative projects. I have developed a keen interest in web development and software engineering. I feel like my journy has just begun, and I am excited to immerse myself in new challenges, collaborate with experienced professionals, and further develop my expertise. I am particularly interested in front-end development, and I am currently honing my skills in React, Typescript, and related technologies. I am committed to staying updated with industry trends and am eager to contribute to a dynamic team where I can grow and make a meaningful impact.

Experience

Freelancer (Front-End Developer)   September, 2024 – present
Project: Ailu

Developed and launched Ailu, a responsive and user-friendly website. Purchased a domain and successfully hosted the website (currently offline due to some reasons).

Team Member   August 25, 2023 – September 1, 2023
Project: Link sharing App

Collaborated with a team to design and develop a functional and visually appealing website within a specified time frame and won this challenge.
